

DEGREASERS

NO FOAM DEGREASER (215)

No Foam Degreaser (215)

SUITABLE FOR USE IN AUTOSCRUBBERS

Low Foam Degreaser is suitable for use in autoscrubbers as it is fast acting. Its revolutionary no foam formula will make sure that the waste water tank in autoscrubbers will not be filled up by overflowing foam. This can minimise the risk of vacuum motor failure caused by foam getting into the motor. With no foam, you make full use of your waste water tank capacity.

- No foam formula
- Good cleaning and degreasing properties
- Non-toxic, non-hazardous
- Fully biodegradable – environmentally friendly
- Water soluble and easy rinsing
- Multipurpose – can be used in kitchens, carparks
