TIPS

PLACES THAT WILL BENEFIT FROM Z WATER

F&B Outlets

Z Water effectively removes oil, cleans dirt and destroys biofilm build-up, all without the use of harsh cleaning agents.

It is perfect for cleaning areas that come into contact with food as it doesn't leave behind any chemical residue.

Examples include sushi counters, kitchens, restaurant tables and seats, and food production facilities.

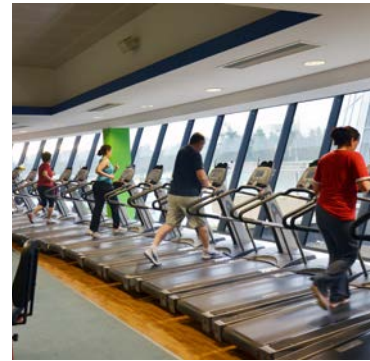

Restrooms

Z Water is ideal for cleaning and sanitising diaper changing stations, restrooms and toilets.

Remove urine stains and deodorise unpleasant odours effectively without damaging sanitary ware surfaces as no chemicals are used.

Especially effective for sensitive floorings like wood and marble floors as there is no risk of damage caused by acids or bleach.

Fitness Centres

Z Water effectively cleans, sanitizes and deodorizes equipment in gyms and fitness centers.

It removes sweat and is safe and gentle on all surfaces while being tough on dirt and stains.

Perfect for cleaning gym equipment as no chemicals are used so there is no risk of sensitive reactions from users.

Z WATER TO BE USED WITH ANY STANDARD CLEANING MACHINES:

Rotowash

FM 43

Carpet Extractor
(X17 Plus)

FIMOP

Caddy Clean
