

CORDLESS VACUUM CLEANER

LINDHAUS LS38

IDEAL ON ANY FLOOR

Built with 4 anti scratch rubber wheels, the LS38 runs smoothly on any flooring

EASY MAINTENANCE

No tools required to replace the brush rollers, easily clean the brush areas and replace the filters

LITHIUM ION BATTERIES

Extremely high capacity batteries to work continuously and effectively

Lindhaus LS38

MINI MULTIFUNCTION VACUUM SWEEPER

The LS38 combines the mechanical strength of two high speed counter-rotating rollers, "Twin Force", which rotates at 2000 RPM, to create a perfect suction over the entire sweeping width. With centre wheels pivoting to allow for maximum movement, an adjustable front flap allows for incredible suction and capacity.
