

WD 1103

The WD 1103 is engineered for extensive, large-scale cleaning projects. Perfectly suited for professional cleaning contractors and dedicated users, it stands as the only 3-motor WD vacuum in its class. This vacuum is also SpaceVac-compatible, enabling access to even higher areas with ease. Experience the durability and power of the WD1103, constructed from robust PE material

Key Features:

- **Triple Motor Power:** Equipped with three robust motors for unparalleled water pickup efficiency.
- **Superior Tank Capacity:** Boasting a rust-resistant, super-large capacity tank, it's your go-to choice for tackling expansive areas.
- **User-Friendly Design:** Enjoy an ergonomic cleaning experience with curved stainless steel extension tubes.
- **Effortless Maintenance:** The quick-release waste water tank ensures easy cleaning and maintenance.
- **Versatile Cleaning:** Accompanied by a diverse range of accessories, the WD1103 handles spills, small areas, and various specific cleaning needs effortlessly.

TECHNICAL SPECIFICATIONS

MACHINE NAME	WD1103
Machine Type	Wet / Dry Vacuum Cleaner
Machine Dimension (cm)	65(L) x 55(W) x 101(H)
SKU No.	
Capacity	110L
Power	3000W
Voltage	220 - 240 V
Vacuum Motor	3 By Pass
Barrel Construction	PE
Air Flow(l/s)	148
Vacuum Suction(mm H2O - kPa)	2400 - 24
Cable Length	10m
