

# GT50+ B50

BRAND: **GADLEE**

MODEL: **GT50+ B50**

High Performance Vacuum Motor

Splash-Guard Skirt

## Freedom Walk-Behind Autoscrubber

### SINGAPORE'S FAVOURITE UPGRADE VERSION

#### Overview

- The GT50+ is designed to improve productivity and reduce total cleaning costs.
- It is a simple, reliable, and cost-effective choice for hospitals, schools, offices, supermarkets, and production floors.

#### Key Features

- **One-Key Start:** A system that activates all scrubbing functions with one button.
- **ECO Mode:** Optimizes energy consumption, extending work cycles up to 5 hours and providing extremely quiet operation.
- **Compact Design:** Ergonomic build for easy maneuvering around obstacles.
- **Safety & Protection:** Equipped with a water sensor to protect the brush and vacuum system, and a "Break-Away" squeegee system to prevent damage upon impact.

#### Technical Performance

- **Cleaning System:** Features a 500mm cleaning path and an 815mm squeegee width.
- **Tanks:** Includes a 50L solution tank and a 55L recovery tank.

## GT50+ B50

- **Brush Power:** Equipped with a 550W DC motor; brush rotation speed is up to 200RPM with a pressure of up to 30kg.
- **Drying:** Uses a 2-stage super-silent vacuum motor for high performance and daytime cleaning

### Lithium Power and Fleet Management

- **Battery Options:** AGM Batteries or Lithium-Ion Battery
- **iGadlee Fleet Management:** A digital system to track geolocalization, usage, and machine health to optimize cleaning tasks.

### Maintenance

- **Yellow Code System:** Simplifies routine maintenance for operators.
- **Tool-Free Access:** Easy access to the recovery tank, batteries, and squeegee without needing tools.

### Model Options:

#### 1. GT50B+ B50 Freedom Lithium Battery Set is supplied complete with:

- 1 x Nylon Standard Brush 19"
- 1 x Pad Holder 19"
- 1 x Squeegee Set
- 1 x Lithium Ion Battery 25.6V 105Ah
- 1 x Lithium Ion Battery Charger 29.2V 15A

#### 2. GT50B+ B50 Freedom AGM Batteries Set is supplied complete with:

- 1 x Nylon Standard Brush 19"
- 1 x Pad Holder 19"
- 1 x Squeegee Set
- 2x Maintenance Free AGM Battery
- 1x Battery Charger 24V 15A

### TECHNICAL DATA

CLEANING SYSTEM	GT50+ B50
Cleaning Path	500 mm
Squeegee Width	815 mm
Number of Brushes	1
Solution Tank	50L
Recovery Tank	55L
Max. Running Time	3 hr (5 hr @ECO)
Productivity theoretical Max.	1950 sqm/hr
Power Supply	24V DC
Max. Climbing Capacity	-

### MACHINE SPECIFICATIONS

Weight (Without Batteries)	71.5 kg
Dimensions (L/W/H)	1216 mm X 502 mm x 960 mm
