SUPERSTEAM
THE CHOICE OF CLEANING PROFESSIONALS

Ride-On Autoscrubber

Brand: Supersteam

Model:K90

▼ Function

- Internationally renowned front-wheel drive motor for excellent maneuverability and climbing capability.
- Dual magnetic suction brush plate for convenient and user-friendly disassembly/installation.
- Extra-large clean/dirty water tank minimizes frequent refills and simplifies wastewater disposal.
- Reinforced curved surfaces in the water tank enhance overall durability.
- ECO mode reduces power consumption and noise of the suction motor.
- Single rotating button adjusts water output; reliable branded battery ensures long-lasting performance.

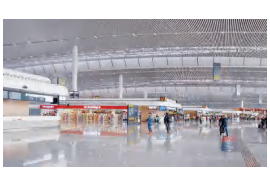

▼ Product Parameters

Cleaning width	900 mm	Brush motor power	650*2W
Squeegee width	1200 mm	Driving motor power	800 W
Continuous running time	4-5 h	Solution tank capacity	240 L
Theoretical cleaning efficiency	7800 ㎡/h	Recovery tank capacity	260 L
Battery capacity	36 V/200 Ah	Total weight	555 kg
Suction motor power	600 W	Product size	1790*1200*1450 mm
