P70

BRAND: GADLEE
MODEL: P70 B56

Ride-On Autoscrubber

Professional line

Design for Simplicity, Built for Durability, Engineered for Efficiency

Overview

Designed to deliver cleaning efficiency, smooth steering and excellent maneuverability with compact dimensions.
Can achieve up to three times higher productivity than traditional walk-behind scrubbers.
Allow operators to complete cleaning faster in crowded areas and narrow aisles.
Operator-friendly scrubber dryer.
Ideal cleaning solutions for shopping malls, hospitals, transportation centers and other environments.

P70

Key Features

- **Stop & Go System:** The traction control system provides assistance for both uphill and downhill gradients, braking and holding the machine when the accelerator pedal is released.
- **Cruise Control:** Control device allows the operator to set the required speed.
- **Turning Deceleration:** Automatic slowing device ensures maximum safety whilst turning, even with traction pedal at maximum speed.
- **Ebrake:** The E-BRAKE system works automatically when the machine stops and acts as a safety parking brake.
- **Anti-Rollback:** The anti-rollback function ensures control and safety when releasing the throttle on inclines.
- **Surround Protection:** The machine body, made with LLDPE, offers high resistance to impact and durability. It protects all of the internal parts of the machine to prevent possible damage during use.
- **Easy Maintenance:** Easy access and visibility to the recovery tank, tool free and easy for maintenance.

Model Options:

1. **P70 B56 Lithium Battery Set is supplied complete with:**
   1 x Nylon Standard Brush 20”
   1 x Pad Holder 20”
   1 x Squeegee Set
   1 x Lithium Ion Battery 25.6V 105Ah
   1 x Lithium Ion Battery Charger 29.2V 15A

2. **P70 B56 AGM Batteries Set is supplied complete with:**
   1 x Nylon Standard Brush 20"
   1 x Pad Holder 20"
   1 x Squeegee Set
   2x Maintenance Free AGM Battery
   1x Battery Charger 24V 15A

Technical Data:

Cleaning System	P70 B56
Cleaning Path	560mm
Squeegee Width	705mm
Number of Brushes	1
Solution Tank	70L
Recovery Tank	70L
Max. Running Time	2.5 hr (4.5 hr @ECO)
Productivity Theoretical Max.	3080 sqm/hr
Power Supply	24V DC
Max. Climbing Capacity	20%

Machine Specifications

Weight (Withour Batteries)	120.5 kg
Dimensions (L/W/H)	1310x 634 x 980 mm
